Very detailed and HQ, quite useful too.

Thanks for the share.

Buffy - November 15, 2012, 4:55 am

Might I request you make a more in depth tutorial with maybe a few examples of the selections you would make to get the the outcomes like the one in the Title?

juniiflow - November 15, 2012, 5:52 am

Thanks guy's i am glad you like it =]

HackPacket - November 15, 2012, 6:28 am

Nice simple tutorial bro, thanks for sharing will definitely use this some time.

Artifice79 - November 15, 2012, 8:53 am

Very nice tutorial there friend, english not too bad either so now worries.

HQ stuff, thanks a lot.

Fraile - November 15, 2012, 11:36 am

Nice tutorial used it for a signature, one question what's the name of the font?

(Dec 5, 2012 12:44 AM)Ambyx Wrote: [\[CITE\]](#) For some reason it's not working for me. Eh, I'll figure it out. Are you using the movement tool, when you are about to move the section you selected?

juniiflow - December 7, 2012, 4:03 pm

I found a little error on the Tutorial. Error:
" After that hit " ENTER " on your keyboard. "

You should, press "CTRL+ENTER" and it will make your selection.

Also there is this other way: Right click and click "Make Selection" Spoiler [\(Click to View\)](#)
