Well,This is my Non-Official review about the E-book

The method explained in this e-book is Simple,Yet i haven't thought of it myself till today.I think that SOME persons may be doing this method already but most never tried to perform it.The Method requires some Work.30 Minutes daily are Enough as OP Says.The method will also gonna depend on your way of Searching the internet,the current trends which are popular and Such.I think this method does have potential to make money for you if you work nicely.
