As you can see there are lots of things here are a description of them:

52 PHP Scripts Super-Pack: I do not remember where I got this but its very useful it helps with most scripts we need!

PhotoShop CS5 By TTG_iMatrix: This is a portable version of Photoshop CS5 enough to carry in a USB.

Please Note You need to run this in Administrator im not sure why but its like that!

Project Neptune v1.78: A Keylogger very usefull for tracking kids!

Simple Green Userbars: Userbars made by a website please look into the file to see who made it I cannot post the link due to HF Rules!

Useful Tools: Tools hackers might need like crypter,logger,spammer etc.

Websites: All things related to websites like forums,Web hosting templates,File hosting and image hosting!

ADF.LY Bot: Very useful for using to make some extra money it really works!

To Enter the contest just post a number between 1-20 and i will end the contest on Saturday (Hopefully) Next Week or till the numbers get filled!

VIRUS SCAN

Hey guys, I cant get it to scan because the file size is to big its 218 mb so i cant scan it online sorry but if you dont trust me then I can pick someone else if you win!

Thanks!

I choose #16 thanks man, hope I win.

BLKLXVESMATTER! - November 10, 2012, 1:23 pm

I'd like #18 please.

Thank you.

I'd just like to say to everyone that you should be careful when downloading items from regular members as there have been a lot of discussions on LF about doing giveaways/contests on HF to get installs/infecct people.

(Not saying this user is doing such, but be careful). ?

shotmessenger - November 10, 2012, 1:23 pm

shouts out random numbers

But seriously, can I get 7?

Lucaz - November 10, 2012, 1:29 pm
