Hello hf members,

I'm searching for experienced sellers / promoters.

Sell products i give to you and i'll pay ~5\$ every sale! (Price negotiable)

Post here and pm me with this info:

Name:

Experience:

Have you sold anything already? Let me know which market you are best in.

How will you drive traffic to my products (Dont want any blackhat method) just legit traffic.

Why you want to do this and how much you spend online a day.

Also provide me with any email of contact.

Thanks!

P.S: what i'm offering cant be sold here at HF.
