You never cease to impress me with your amazing guides mad76e :)

Brilliant tutorial. I used gerix for a quick and easy WEP crack a few months back as I heard it's easier when you're not close the AP.

It's always nice to know how it works via the terminal.

Thanks man! :)

HackRain - November 16, 2012, 7:41 pm

Well done buddy.

5 star's =)

Added to my index.

Mad76e - November 17, 2012, 12:16 am

Thanks for the awesome feedback :) I really appreciate it.

PinkPanther - November 17, 2012, 5:19 pm

Great stuff and layout. It won't be explained much better than this.

strandbrink - December 4, 2012, 8:36 am

Cool! I love this! can i get it 4 free?

mushfique - March 23, 2013, 11:34 am

thank you very much for this....i loved it..

g3org3s - March 23, 2013, 11:36 am

I tried that in the past, you have to be close enough to the router for it to work. But still a very nice tutorial. Thanks

dakana - March 23, 2013, 1:57 pm

Well done! Thank you very much, keep up the good work! ;)

Habraam - September 22, 2013, 9:28 am

Outstanding!!! Thank you so much...!!!

happy_banna - June 11, 2014, 7:47 pm

It's always nice to know how it works via the terminal.

Thanks man! :)

TheGormlessCretin - *August 15, 2015, 7:29 am*

Can anyone explain this to me I don't understand it at all!?

Mad76e - *August 16, 2015, 6:04 am*

Well.. Its advanced sort of lol :)

Which part do you not understand

Which reminds me! I need to write a new one which is kali 2.0 compatible

gordon12-12 - *August 16, 2015, 9:39 am*

thank's for this nice tuto ;)
