This started just as a thread to show off one video. Then it kinda hit me.

Why should we all make a new thread when we see a cool vid?

I get it when you made one but creating a whole new thread for a single video. >.>

Therefore, the general video share thread. Less spam, same amount of videos. I'd love to see you all contribute.

I loved your Orihime, until I heard Nicki Minaj's voice. I hate that bitch...

Second one was good too, kinda trippy.

Elfen Lied - November 18, 2012, 2:31 pm

The editing in that is amazing although I have to say the opposite for the choice of song.

Ice Queen - November 18, 2012, 2:37 pm

I do not like the song either but hey, the editing has been done nicely. I'll make it up for you people.

Here ya go!

Only my favorite fucking animes of all time, which marshmallow has so politely pointed out.

Coming out with a new season too. Making a total of three plus the novels. <3 Shaft.
