Thread: [WarZ Legend Key Giveaway \[All Members\] Shadow™ Won :D](#)

Ghetto~~ - November 22, 2012, 9:21 pm

Shadow™ won the key and I'm PM'ed him

I'm doing another give away for 9 guest passes here

<https://hackforums.net/showthread.php?tid=3043667>

I just bought WarZ and it says I can't play the game because it says something about my graphic card and I'm too lazy to fix it so I'll just give away the key

It's unused and what-not

I'm also giving away 2 48-hour guest passes

Just post here and PM me the numbers you want

It'll work like this

You pick a number for the legend key

Then you pick a number for guest pass 1 OR (or being the key word) guest pass 2

then you post here and PM me the numbers and I'll put you on the list

Legend Key:
