Thread: [\[TuT\]Create a Portrayal of a Human Transitioning Into a Statue](#)

rosu - November 29, 2012, 7:00 am

You will find lots of tutorials that explain how to turn a person into a statue in Photoshop. In this tutorial, however, we will put a new spin on this idea and will explain how to portray a scene of a human actually turning in to a statue. This tutorial will use a photo of an actual statue as a base and then show how to make the statue look more human, instead of the other way around.
