Thread: [Torrent Seeder & Forum Spreader | LethalSpread3r 1.0 | 100% Free + No Survey](#)

LethalNET - December 1, 2012, 10:01 am

LethalSpread3r 1.0 is a spreading app which includes:

Torrent Seeder [Requires uTorrent, Vuze, or BitTorrent!]

Forum Spreader [Pre Written threads & 2 apps in app folder for binding and spreading!]

A Yahoo And Omegle Spreader [Has a conversation in txt to get downloads]

100% Free!

Pictures:

Remember! This may seem small. but... the forum spreader will easily get you at least 30 slaves! this is the 1.0 edition meaning there will be a 1.1 soon with a omegle bot. a forum mass account maker etc and a few videos for spreading!

Rage™ - December 1, 2012, 10:02 am

Vouch for this, Works great and a great tool. Great job on this Lethal.

Text - December 1, 2012, 10:03 am

Major vouch for this tool! I tested it before release & it works great! Thanks!

Thanks man means alot to hear it! :3

NeuzBooter - December 1, 2012, 10:19 am

Vouch for this :D works perfectly

Thanks man :D

Badside416 - December 1, 2012, 12:13 pm

Thanks for the direct link, love it :)

Dota2MasterRace - December 1, 2012, 12:15 pm

Can I use this for ppd/CPA?

If so, then I will dl this

rekkantur12 - December 1, 2012, 12:15 pm

thank you so much fot the direct link man, Nice share

no problem glade you liked it man. 35

Ratterify - December 1, 2012, 1:55 pm

Looks really cool, will try this out later. Thanks.

Weekend Offender - December 1, 2012, 2:04 pm

Thanks OP i shall be trying this out and leaving feedback as soon as i get some free time :)

LethalNET - December 2, 2012, 5:54 am

ok guys i hope you all like it! 35charter

Duizend - December 2, 2012, 9:16 am

Thanks for the app! Helped me out with spreading.

I'm looking forward to the Omegele bot ;)

LethalNET - December 2, 2012, 11:39 am

Thanks man , and yes the omegele bot will function greatly

Balloon - December 2, 2012, 12:38 pm

Thanks for this LethalNET, will test later.

Obergruppenführer - December 2, 2012, 2:07 pm

Thanks man, it looks great. You should add something that would upload a torrent to multiple sites.
