Thread: [Make \\$1000 Over Night with eBay](#)

Lacazette - December 1, 2012, 11:17 am

I will either sell you my guide or set it up for you and teach you what to do. I had an old method for \$400 overnight but this method is 30 times better.

[IMG]<http://localhostr.com/files/ZtLqx6h/capture.png>[/IMG]

I CAN GARANTEE THAT YOU WILL MAKE \$800 IN ONE NIGHT OR LESS THAN 24 hrs

If interested in purchasing PM me

This Method is GreyHat

Cost: \$10 via paypal

(Dec 1, 2012 01:45 PM)Dr. Gregory House Wrote: [\[CITE\]](#) I took a look at this method as a vouch copy, and I can tell you that while it is something that you will probably say "I could've though of this" you probably couldn't have thought of it in such a way that is explained in the method.

The method shows you how to list the items you'll be selling and the technique to doing so. It's probably so cheap because many people are aware that this method is being used on eBay, but he explains how to actually use it properly, since it's kind of hard to figure out. You probably can probably make \$1000 over night, but it probably take you a while to get to that point. Making a few hundred in the first week is reasonable though.

Overall, it's a good guide and I'd recommend it to anyone looking to make some quick cash.

I am interested, but I also agree with Jaycee. You know what? Set up this method for me, when I've earned the at least \$800 overnight I'll pay you double for the method (\$10) ?

sell this regardless of saturation.

Side note: Almost positive I know what you're doing, I do something very similar and I make an
honest \$400-500/week. You COULD make \$1000/day on Ebay just like you COULD fly a plane
between a wind turbine. Do-able, but highly unlikely.

not highly unlikely at all. It is highly likely
that you will make that amount of cash

idk why everyone is complaining over \$5. How about you all stop commenting on my thread and
just wait until someone buys it and proves you all wrong. Please and Thank You

refund over \$5? not at all due to the fact that you will make something.

PS: Then there's this argument.

Where's your proof? All I see is two amounts. Check this shit out.

Sage - December 1, 2012, 12:20 pm

Yeah...I really don't understand if you can make over 1k a night....why would you sell the guide for 5\$?

If I could make over 1k a night, I would personally, keep it to myself, fuck selling it to other people.

Lacazette - December 1, 2012, 12:40 pm

Inspire. I do not appreciate how you give me a neutral rep, and keep bashing my thread. i have done nothing wrong. If you want proof of this. then stop postng, stop bashing, and just wait for the vouchers and buyers to come forth.

Thank you and have a nice day

Is it tricking the buyer into thinking their buying something but they're just buying a guide or a fake version of the thing.

ROI - December 1, 2012, 1:44 pm

Read over the guide. It is a method I've seen before that is known to work. However, the author added something that no other ebook that I've read has included that will help you greatly. In addition, he provides you with everything else you need. All you need to do is just copy and paste pretty much.

Worth \$5.

Looking forward to seeing what its about.

Tangy - December 1, 2012, 3:38 pm

I know the OP and know that he used this method himself and got quite a bit of cash from using this method. It is definitely worth the \$5 OP is selling for. The quality of the ebook is better than the ebooks I've bought in the past for \$20.
