Thread: [? Antagonism | Beginner Hacking Classroom | Apply here! ?](#)

-?Divine- - December 2, 2012, 11:18 pm

Note: I am Divine. My old account was merged with some random guy who used it to scam people. The account can't be recovered, but Factor8 said I could stay with this one. To read more about it and learn who I really am, click [this](#). With F8's permission, I am regaining access to my old threads.

[img]http://desmond.imageshack.us/Himg515/scaled.php?server=515&filename=antagonism.jpg&res=medium[/img]

Awaken. You have been lost for too long, buried, in the mist of unknown shadows. Awaken. Your cries have been heard and they shall not be neglected. Come forward. You are grasping in the dark, blind for what is before you. Awaken, for I shall be your eyes. Call my name, and I will breach the darkness in path before you. Take my hand, and I will be the light that illuminates your journey. Come forward, and walk with us, for we are the vanguard of your purification. Dance in the rhythm of silence.

Classes will be held every Saturday. This is beginner hacking class, but since my knowledge is quite extended I will teach about anything. They are held on Team Viewer, live, and recorded so that everyone who missed it can see.

Lessons:[Antagonism | Lesson 1 - All about RATs](#)

[Antagonism | Lesson 2 - Extension Spoofing](#)

[Antagonism | Lesson 3 - Java Drive Bys](#)

[Antagonism | Lesson 4 - Crypting & Spreading](#)

[Antagonism | Lesson 8 - RFI & LFI](#)

[Antagonism | Lesson 9 - Cross Site Request Forging](#)

[Antagonism | Lesson 10 - XPath Injection](#)

Sounds like a cool idea. Are they free? Anyway, good luck with this, I hope a bunch of people decide to utilize an offer like this to their advantage. Also, good luck with your ID, hope you get it back eventually!

Shouldn't the lessons start with 'Malware Removal & Security'? Just, the people are bound to infect themselves. :3

If the Factor8 story is true then good luck with your service/class.

Thank you. The Malware removal lesson is enough to teach them how to remove the infection.
