Thread: [\[WINNER ANNOUNCED\] Halo: Anniversary Map Pack for Halo Reach. \[Free Comp\]](#)

Chung - December 6, 2012, 1:23 pm

So i brought a load of games from my friend a few months ago and i was surprised at the amount of codes that were still in the games, codes such as 2 day xbox live gold / month codes (used) and other downloadable content.

This is one of those downloadable content that i have no use with as i sold the game but kept all codes. (Im pretty sure the code has not been used but if it has.. Im sorry!)

Basically, you need at least 20 posts to enter this competition. I dont think there will be many people entering but hey ho.

If you have at least 20 post then just pick a number and i will pick one number out using the random.org website.

1. BlueRey
2. Syberpro
3. TehNinja
4. Ezrik
5. Zypher
6. awesumninja123
7. juniorhack
8. Dzairy

Winner will get a PM from me with the code ?

Winner was number 3!
