Hello Owl City,

I think I should win, because currently I'd like to give out some of these games to my friends, but I do not really care if I got it or not, but thanks if you choose me:)

Don't act so nice. You're not even donating \$6 and you're acting like it's \$60.

Ever heard of the quote "It's the thought that counts."?

BTW, this isn't my only giveaway. If you have nothing nice to say, then don't say anything at all.

You can donate a dollar and recieve these games, I don't see why you get so much credit.

The thought ? You're abusing a system acting like you're donating to charity to look good on HF. You're donating \$1 upon \$1 for \$200 worth of games, fucking over THQ and making yourself look good by "donating to charity" and "giving away games". You make me fucking sick.

LOL. If you don't want to participate, then stop trashing a FREE GIVEAWAY thread, okay? What have I ever done to you?

So are you participating? I know you can donate a dollar and receive the games. If I wanted to hide this fact, why would I post a link to the Humble Bundle web page?

I would like to win because I love to play games. No lie, I've devoted myself to TF2 for a while, and would like to have new games.

Thanks in advance mate.
