Vouches from eBay Ebook

(Dec 1, 2012 01:45 PM)Dr. Gregory House Wrote: [\[CITE\]](#) I took a look at this method as a vouch copy, and I can tell you that while it is something that you will probably say "I could've though of this" you probably couldn't have thought of it in such a way that is explained in the method.

The method shows you how to list the items you'll be selling and the technique to doing so. It's probably so cheap because many people are aware that this method is being used on eBay, but he explains how to actually use it properly, since it's kind of hard to figure out. You probably can probably make \$1000 over night, but it probably take you a while to get to that point. Making a few hundred in the first week is reasonable though.

Overall, it's a good guide and I'd recommend it to anyone looking to make some quick cash.

kokoomong - December 13, 2012, 5:54 pm

I might be quite interested in this method. However, for people like Phayzon and grimkilla, can you guys post proof of SS that you made some money? It'll bring in more customers and a higher chance of people wanting to purchase. I do see that there is already proof in the thread, but I'd also like to see what others have profited. Thanks!

Lacazette - December 18, 2012, 7:03 pm
