Thread: ["Another" Anime Review](#)

Mikasa - December 10, 2012, 10:35 am

Genres: Horror, Mystery

Written by: Ryo Higaki

Studio: P.A. Works

Episodes: 12

Release date: Winter 2012

Something wicked is haunting classroom the local junior high school. And it's killing off the students in classroom 3-3 one by one. Transfer student Kouichi Sakakibara makes it his goal to figure out what's going on and what all this has to do with the mysterious Misaki Mei.

Much more would spoil the story that Another tries to tell. This anime is really unique.

Have you even wondered how it looks when people get stabbed through the throat by an umbrella? Have you ever wondered how the cruel acts of horror movies will be in a anime?

The Animation in "Another" Is simply awesome. There is this cold feeling and the feeling that you know something is about to happen during the whole series. The animators haven't been on the lazy side on this anime at all.

The sound in "Another" is another thing that is really important when it comes to horror. I can't describe how important sound is in a horror movie, and i must say that "Another" obviously also know this. There is always those small and scary sounds, the sounds that makes you freak out and you just know thats something about to happend.

The characters in this anime is simply confusing. However, this is the point of this anime. You

always have this doubt in you and there is always something you're wondering about when it comes to the characters. You can feel that there is something that the characters is hiding and you really want to know what it is.

Personally, i think this anime is a must watch. The anime is something different from what we usually see in today's anime and i really enjoyed it. If you haven't watched this yet, then you really should.

tuonami - December 10, 2012, 10:48 am

This series was in my to watch list and also already downloaded to my HDD but because of this review I am going to start watching it now ^^

This sentence got my attention: "Personally, i think this anime is a must watch. The anime is something different from what we usually see in today's anime and i really enjoyed it. If you haven't watched this yet, then you really should."

Good review ^^

The anime was ok, but the ending was really bad, the person was someone who was barely shown in the anime and was just a stupid choice.

juniiflow - December 10, 2012, 12:02 pm

sick review man. ?

Spoiler [\(Click to View\)](#) sadly i drop it at episode 5,
but i was thinking about watching it again.

Nonon Jakuzure - December 10, 2012, 1:44 pm

I personally think this anime is a must watch too. I love the death scenes the best.

Voice - December 10, 2012, 3:21 pm

I loved this anime a lot, don't get me wrong. I just wish that there was a TINY bit more romantic development.

I mean for godsakes, the only character that did show romantic development got killed off by the end of the damn thing. [IN the anime version anyway, in the manga she lives <3]

A very simple difference really, this is a horror thriller not a romance.

Nice review man, surprised so many people here haven't watched this one.

I was thinking of reading the novel as well, but sadly it hasn't been translated.

Yes. I'm fully fucking aware of that. I wasn't asking for there to be a huge element added to it. I just thought it would of been cool if the relationship with Mei and MC wasn't so vague, that's all.

When I see a character I really love, it's only natural to want to see her in love.

Just watched this anime recently and it was pretty good, I don't normally watch the suspense type anime but

the story in this one was cool. I remember the anime kept surprising me like holy shit that guy just died lol

CloudShepherd - December 10, 2012, 7:18 pm

This reminds me of Higurashi. Definitely gonna check it out soon.

Junii, shut the fuck up. This is exactly why you're annoying.

Another is "Genres: Mystery, Horror, School, Thriller" I don't see drama in there anywhere.

and secondly, I just fucking said it's not like I'm sitting here asking for it to be a main part of the story.

If you really didn't feel anything about it either way then you're an unperceptive cunt.

Now STFU.

Phizo - December 10, 2012, 8:29 pm

It's a great series, I was mind blown by who the "extra student" was.

After the flashbacks I kicked myself in the shin wondering how I didn't catch on.

You just convinced me to watch that show, for whatever reason I'm really weak when it comes to anime's like Death Note or Elfen Lied, I mean for fucks sake I almost cried when in Death Note
Spoiler ([Click to View](#))
He killed the Fbi's guy wife.

But I'll give this a shot like I said. ^^
Sent a PM regarding a question.

Lol, if you cried because of that then you shouldn't watch any of those anime that are considered sad. Just saying, and you mean Naomi Misora right?

Bridge - December 26, 2012, 3:42 am

I liked this anime alot, although I saw through the ending.

Black Hole - December 26, 2012, 7:34 am

Good review man, I rather enjoyed this anime. I couldn't help but think they could of done something better though, can't put my finger on what though ^^

Light Yagami. - December 26, 2012, 2:46 pm

letsPlayUp - December 26, 2012, 10:51 pm

I've watched this anime also and I love it.

I agree on your review.

This is one of my favorites to be honest and Psychological / Mystery is my favorite genre. :)

BaussHacker - December 26, 2012, 11:22 pm

Saw this months ago and one of my favorite animes of all time. So in love with Mei Mizaki <3

Nathann22 - January 8, 2013, 4:43 pm

Just finished it.

It was amazing!

We need more anime like this ^^ Great review it is a must see.

haqua - January 8, 2013, 8:13 pm

Well, actually if I rate Another anime, I would choose 7/10, the story is good, but the episodes is just short, I think 12 or 13.

SoundMatch - January 9, 2013, 3:45 am

I enjoyed this anime alot, I hope they make a second season after the second V.N. is released. It better be one of those prequels that connect to the future. I really want to see the birth of this curse and the end of it.

Mikasa - June 3, 2013, 12:31 pm

This havent seen the front page for a long time! :D

There is still people out there that haven't watched this anime yet ?

AMAVI - June 15, 2013, 3:20 pm

Chubaca - June 15, 2013, 11:37 pm

Very well done review but I don't think I will wash this anime because I am not the biggest fan of the horror gore and mystery genre mixed together.

I may have even watched it twice but I can't really remember....
It got pretty weird at points.
