Thread: [\[CnC\] Rate my Logo \[CnC\]](#)

Delysid - December 13, 2012, 9:08 am

Hello Hackforums! So this summer I made logo for PotFront, marijuana website I've been working on, and I realized I never posted it here for you guys to rate it, so check it out and give me your comments and critics!

Oh by the way, I am willing to do logos really cheap, so if someone is interested hit me up.
Thanks for reading!

v2 should have "pot" (the word) stand out a bit more.

I like them both though ! :)

Try having your inner shadow as follows:

1
0
2

reduce opacity until effect looks good.

Looks alright, OP. You need to check out kuler.adobe.com for some palette ideas.
