Thread: [How do I prove gang rep?](#)

Less - December 13, 2012, 2:18 pm

A guy who I have never been in contact left me negative rep moments after his friend did. I could care less about the first negative, but when he calls his friend around to negative rep me, I take that as scummy. How do I go about proving it's gang rep, because more than likely Dredd won't remove it.

I don't think you can, you just have to deal with it, the people that gave it to you (if you did get fucked over) are just pathetic.

Contact [Judge Dredd](#) and he will look into it more.

It wasn't gang rep.

If you post threads like [this](#) expect people to neg rep you especially since you like to flame. Good day ?

It's stupid how they "abuse" their upgrades

Cryptic™ - December 13, 2012, 2:29 pm

You can contact JD About it, Admins can read PM logs, if they told each other to gang rep you in their PM's, they will most likely get banned / RF

File a hurt feelings report why don't you if you're so upset about something I said to you.

I called you an idiot because that's the way you portrayed yourself.

That's not flaming, it's simply stating my opinion of you from what you've shown.

Flaming is calling people pussies and other such names. (which you've done)

And don't call me kiddo.

I'm 3 years your senior.

This post will only give you more negative reputation now. ???

It wasn't a gang rep as I've never PM'ed nor heard of the people who also repped him.
If you click on the hyperlinked text in my first post on here you can see the thread and the flaming he's done.
That in my mind is LQ.

Doesn't matter. If someone feels like giving me negative reputation over asking how to prove gang rep, they're obviously part of the gang rep.

That's gang rep, you should report it. Their all in same hour and same reason "LQ"... I've got mine removed by doing that =)

You're a hypocrite. You flame me, but when I respond back, you being an Ub3r decide to negative rep me because it's all you can do. I could care less about your -rep, because you had reasoning in doing so, but getting your friends to do it as well is scummy.

Refer to my other posts.

He's flaming other members in a thread that can be found [here](#).

Don't let him fool you.

He got multiple reps because multiple people read his post.

You don't. If you have a feeling someone is gang-repping you, you may report it in the [Reputation Abuse Support](#) subforum and Judge Dredd, our Reputation Administrator will review the given reputations and get back to you.
