Thread: [600\\$ In Three Weeks](#)

Racialz - December 13, 2012, 5:10 pm

Hey guys... I just wanted to show off my eBay earning that I've been using for a while from a method I personally developed. Only 20 minutes a day and I was able to get this in my first 3 weeks! So excited to start earning more...

And no... The method is not for sale :)

I'm going to keep it private because it can saturate easily

Congrats, now you just need to find out how to manipulate the method to increase your income.

Isn't 600 in three weeks enough for 7 hours work?

Not really haha. I've made \$700 in the past 10 or so days by spending around 2-3 hours a few months ago.

Besides, you can never have enough money. No matter how much your earning, most people will always hunger for more.

Since this is the bragging section, I made 604 in 3 days :/

But still decent earnings mate :)

Nice, but how much have you profited so far from this? I have made 60\$ in 3 days.
