Hey guys, it's DISTRACTION here, or, how i'd rather be called, Rarity, cause, i'm a brony, and shit. Moving on, this is where i'll post any MP3's anyone wants, it's 1080p HD, and you guys can make requests. If you make a request, make sure you use the form that i'm posting down there. I thought I would give back to the community of HackForums, for being so patient to the new members, (Me, but I have another account called Codyme12, but don't worry, I was allowed by an admin to create this one because I didn't like the past username, and at the time had no money to buy it, TLDR; i'm not THAT new.) and posting great content, bots, E-Books, etc. This is my chance to give back to the community I know and love so much. So. Request away. I'll do my best to get the HD videos uploaded really quick! Also, I upload my files to Dropbox, so it's an direct download for you :) Like I said, this is my way of giving back to the community. NOW REQUEST!

P.S, if you request without the form, I will purposely fail to acknowledge your request. Just saying. It's not hard to copy/paste it :)

If you are requesting, use this form.

Code Song Name:

Artist (If there are multiple songs with the same name):

[color=#32CD32]I used the form.[/color]

In the following spoiler are links to all of the songs I have uploaded so far.
