After posting in this thread (<https://hackforums.net/showthread.php?tid=3091152>) Netflix decided to message me asking if I had any Keurig brewers to sell. I said I could get him a B70 brewer for \$30 LR. He wanted me to lower the price a little as he knew how cheap they are on other forums. We agreed on \$25.

I agreed to get the tracking number first considering his status on this website. Netflix gave me his address/name and I told him it would take 24-48 hours depending on the number of customers. I sent him the confirmation email and my account number. If it wasn't clear that he was paying with LibertyReserve then he would have pointed that out here, but he didn't.

Netflix then asked me if I could change the name on the delivery to "Gary Huffman" which can't be done after it has been shipped. He said it was fine and continued to wait. On the 14th I sent the shipping proof which included the tracking number. For some reason he replied asking how much LR I have and if I have a PP. I reminded him that we already decided how to pay and that he should message me when he transfers the money. That was the last response I got and it just got delivered.

Seems legit, put images in spoiler and use tags man :)
Good luck getting your item back.

Netflix is a chill guy i've done business with him before. Let's wait till he responds to here maybe he can fix it.

animal341 - December 19, 2012, 4:32 am

Thank you Pwn, the images are now attached and in spoilers. If anybody reading this talks to him on a regular basis please message him. Based on the fact that I haven't gotten my \$25 five days later it is safe to assume that Netflix is a thief and should not be dealt with. This is just pathetic.

Zyzz™ - December 19, 2012, 4:35 am

Legit scam report hope you get your stuff back ;)

Netflix - December 19, 2012, 6:04 pm

Wtf? I just got the keurig yesterday night, I am going to pay you.. Why open a scam report? I never scammed anyone in my life. Send me your LR id

animal341 - December 20, 2012, 4:40 am

Yes I know you got the Keurig, that's why I opened this. We agreed that you would pay on tracking and I have messaged you multiple times since then. Just sent you another one including my LR info.

animal341 - December 22, 2012, 4:50 am

This is still open and valid. The last thing I heard was "I am going to pay you" last Wednesday. Other than that he has made no attempt to fix this or even talk to me about it.

Divinez - December 22, 2012, 4:54 am

This seem's legit man i hope that he pays you the 25 \$

I bet you're serving warm Christmas beverages right now. No respect for members who don't keep their word. This site should be more strict and give warnings to people like Netflix.

Do not deal with him, it just encourages bad behaviour.

Yokomoto - December 25, 2012, 7:22 am

This seems legit and hope that it gets solved before christmas ends. Goodluck animal341

Monkey D. Dragon. - December 25, 2012, 3:30 pm

wow he seemed legit well lets wait and see if he fixes it.

animal341 - December 25, 2012, 7:20 pm

Netflix has time to -3 me for being 'LQ' but doesn't have time to complete his end of the deal. If he contacted me about money issues I would have arranged something different, but obviously he didn't have any intention to pay.

I knew Netflix was legit, this should be closed. PM this thread to a staff and they will close it.
