Thread: [???\[FREE\]Biotech's Extension Spoofer \[Direct Link\] ???](#)

biotech - December 20, 2012, 11:39 am

BIOTECH'S EXTENSION SPOOFER - DISCONTINUED - NEW PROGRAM AVAILABLE!

I seen people asking for spoofers etc. so I decided to make one today for everyone!, there will be a direct link no surveys etc. just adf.ly and only one at that.

This version is the first but I will be working on a neater and more featured version which will be provided for free as this one is only basic.

I will never charge for this tool. If you like this tool show your appreciate by saying thank you ^^

Features

- 1) Spoof with any extention you like.
- 2) Spoof reverse the extention.

-More features coming soon

Requirements

Microsoft .net framework which is available here <http://www.microsoft.com/net>

Builds

20/12/2012 - v1.0.0 - release

20/12/2012 - v1.0.1 - added more information

20/12/2012 - v1.0.2 - tweak

Download:

Spoiler [\(Click to View\)](#)<http://adf.ly/GEdDD> - v1.0.1

<http://adf.ly/GEqxN> - v1.0.2

cientes - December 20, 2012, 12:06 pm

Clean, Free, Nice Sp00fer. Just tried it out and work great. Well done Biotech!!

CheGuevara? - December 20, 2012, 12:16 pm

Vouch for Biotech!!

Awesome release.

Malloc - December 20, 2012, 12:17 pm

Decompiled it and it looks clean to me, Vouch for OP.

Yoshi™ - December 20, 2012, 12:33 pm

Tested it, works good, not backdoored.

I used my crypter, this, and ResHacker to make my server seem as close to an image as possible.

You have my vouch :)

biotech - December 20, 2012, 12:34 pm

Glad you like it :) if you want any features added don't be afraid to ask :)

Botnet333 - December 20, 2012, 5:57 pm

wow its looking awesome dude.

VOUCH biotech!

Streamline - December 20, 2012, 7:05 pm

Works amazingly, thanks a lot for this.

biotech - December 21, 2012, 4:12 am

Thank you for the vouchs please enjoy it (=

Thanksgiving2 - December 21, 2012, 6:31 am

MUCH MUCH MUCH MUCH better than the shitty ass one darkcomet has set up already. Thank for this!

What coding language did you code this in?

biotech - *December 21, 2012, 8:04 am*

I made this in vb .net :)

35 char
