Goodies - December 21, 2012, 5:24 pm

I will be releasing this by the end of the night! I am only giving this to the first 3 people for testing!

I will repost when I release the full thing :)

Here is a picture of the basic layout of the bomber:

Features:Over 200 Carriers!

Fast Bombing speeds!

Great Skype Integration

Warning:

Skype Crshing MAY not work for the newer versions, but it still slows it down a HELL of a lot! Use with caution!
