FUD CRYPTER; MLV CRYPTER

Hello HF, today I wanna give you my FUD Crypter 100%.

IMPORTANT:

You need your own stub. There isn't a stub in the folder!

You can download a stub or create one.

READ THE README!

Here is a picture of the program!

It's not of much use if it doesn't come with a stub...

This file is clean

I know, but I haven't enough time to create a stub.
