Terms of Service:

- a) Use 25% or more of system resources for longer than 60 seconds. There are numerous activities that could cause such problems; these include: CGI scripts, FTP, PHP, HTTP, etc.
- b) Run stand-alone, unattended server-side processes at any point in time on the server. This includes any and all daemons, such as IRCD.
- c) Run any type of web spider or indexer (including Google Cash / AdSpy) on shared servers.
- d) Run any software that interfaces with an IRC (Internet Relay Chat) network.
- e) Run any bit torrent application, tracker, or client. You may link to legal torrents off-site, but may not host or store them on our shared servers.
- f) Participate in any file-sharing/peer-to-peer activities
- g) Run any gaming servers such as counter-strike, half-life, battlefield1942, etc.
- h) Run cron entries with intervals of less than 15 minutes.

Thank you Edenhost for the TOS!

Regards,

Founder & Staff at TS!

Hey,

The way you are mentioning is known as " Addon Domain " You take a sub-domain and turn it into a domain by redirecting!
