i always say if you cant fix it and then eat it

Teferi - December 23, 2012, 7:00 am

Ok so I guess the keyword is meat

Well it's not. Could you be more specifically?

Dyme - December 23, 2012, 7:14 am

Don't really know what more to say.

key is "meat" . believe me and try it

crossera - December 23, 2012, 7:46 am

soiV"3wtnGSH ..

Are you sure the key is meat?

go to http://crypto.in.ua/tools/eng_rc4.php put: soiV"3wtnGSH then put : meat as key and then click
decypt the output will be something like this TaEm****

then go to http://crypto.in.ua/tools/eng_reverser.php and put your output :
TaEm**** and get the password and i am not gone tell you what behind the starts . just decrypt this
soiV"3wtnGSH and get the hash . if you dont know how to decrypt RC4 then forget it .

"ahhhh damn meats"

benzi - December 23, 2012, 8:30 am

i got the password,but its cost money to download from mediafire.
if i will pm you the password,you will pm me direct download?

IT's not working for me either,

You gave us the ENCRYPTED string and we need to use all methods in DECODING right?

KernelMode - December 23, 2012, 1:52 pm

Very easy to decrypt. ?

FrEsHmEaT

Loling @ people who can't do this.

Noah™ - December 23, 2012, 3:04 pm

decoded the password with ease. nice share here thanks bro legit member!!!

Sandikaaa - December 23, 2012, 3:43 pm

Thanks for share man good collection 10x :D

sums up how I see you pretty much.

Evanescent - December 23, 2012, 5:54 pm

Thank you for sharing this exploits dude.

N3p BoY - December 23, 2012, 9:15 pm

Nice share though :)

I have these collection and i have some 2012 private exploit also :)

uberseb - December 23, 2012, 10:12 pm

Thanks so much for keeping links updated!

Oxy - December 24, 2012, 4:14 am

I would like this meat package! Would be great for a christmas dinner!
Thanks, great share avouch for this.

Greetings InQontroll.

Easy and thanks!

Strange thing is at start decrypting i had twice the wrong answer :) but then i found!
Well its a fresh day for meats :) thnx for the exploit pack.

Some Skid - December 24, 2012, 4:51 am

Great share, thx for this <3

And for me Crypto RC4 didn't work for some strange reason. If it won't work for you either. Try this:
http://axcrypt.anonimosx.net/rc4_ed.html

{Merry Christmas Everyone}

Naw the crypto site decrypted it wrong for me either ;).
never trust one source :D

Pudge - December 24, 2012, 5:24 am

. thanks for the response and please don't past Password here . let the fresh meats do it by them self .

neo6699 - March 29, 2013, 5:33 pm

nice share dude

wanna try & u did grt job

thx 4 that
