500th Post Give Away

Hey guys as most of you that catch my give aways know I usually release 5-10 exploited webcams using the same method I used to exploit the strip club cam. I have released this method in a free tutorial that can be found here <https://hackforums.net/showthread.php?tid=3126291>

Because it is my 500th post I have decided to release and give for free 11 exploited webcams from homes, business and bars and 3 VOIP phones. With the cams you have complete control over them and can move them in any direction you like.

To get the free webcams and VOIP phones please post here and I will pm you the direct links.

Thanks
