Thread: [Reasons to continue watching Rosario + Vampire](#)

BeelzebubIV - January 1, 2013, 5:56 pm

Currently I've watched 10 episodes and found out it was boring. The only reasons that i kept watching was because my friends recommended it and it has boobs in it. Are there any good reasons to continue watching?

Pillows - January 1, 2013, 5:57 pm

Uhhh except the fan service not that I believe of. I'm still waiting for the new season to come out (If it ever does)

syntaXeRRoR - January 1, 2013, 6:00 pm

Absolutely none. I'm on episode 12 and I'm having hard time watching it.

Elfen Lied - January 1, 2013, 6:06 pm

I dropped it about 8 episodes in and I don't intend to finish it. The entire story line is the guy gets into trouble, so the girl removes the anti vampire thing and saves the day x13.

Some people do like it though but I think if you don't like it already, you won't enjoy watching the rest.

Nande - January 1, 2013, 7:49 pm

I'm in the same boat as you, I've seen 10 eps and I just can't force myself to finish it. I keep saying to myself it will get better when I start the next episode but that doesn't seem to happen.

Do it because you can!, prove to everyone else "I can watch a whole anime I and my friends dislike"
About all I could think of.

The second season is equally bad, just stop watching now.

Now if you actually want to enjoy it I'd suggest reading the manga because it's by far better than its anime counterpart.

Nonon Jakuzure - January 1, 2013, 8:45 pm

I didn't think it was half bad, but that's just me.
I watched it for Mizore only, to be honest.

Voice - January 2, 2013, 12:13 am

The anime isn't that bad, but it's a lot of fan service, and differs heavily in story contrasting to the manga.

The manga's STORY is a lot better I would say, albeit more dramatic.

Finish watching the anime and go onto the manga is my suggestion. The only part of the anime I hated was the little witch loli girl... I love lolis but couldn't stand her for some reason. Maybe the yuri part? Either way, I say continue to watch it. It's quite funny and good in my opinion.

tuonami - January 2, 2013, 5:11 am

The story isn't that good, except for the season endings (thats why you have to read the manga, just like Voice and Shadow said, there is a huge difference).

I mostly watched it for Mizore and sometimes the humor.

Levi - January 2, 2013, 8:48 am

Dunno why a lot of my friends recommended me it too, OTT ecchi isn't enjoyable imo.

Origami~ - January 2, 2013, 8:49 am

There isn't really a reason to watch R+V, if you don't want to continue it, don't.

Hentai? - January 2, 2013, 9:31 am

Well this was decent but it got repetative and I kinda just put it on hold....permantly....I might finish it some day though.

rxki - January 2, 2013, 9:48 am

The manga is alright, I wasn't a fan of the anime.

OTT ecchi is always enjoyable, this could have used some more echhi. ?

Zimton - January 2, 2013, 4:51 pm

Only watched it due to her loliness. #uncutftw

RhymeSayers - January 2, 2013, 7:20 pm

I thought it was a 10/10 anime at first(When i first started watching anime) now i realized there are so much better. Still a good anime. I liked it.

Prox - January 2, 2013, 10:08 pm

I watched all of it + the second season. It was actually one of my first ecchi animes I've ever seen. I liked it, you may not, opinions are opinions.

Bleach - January 3, 2013, 1:05 am

you're wondering if the new season of this comes out? I've been waiting for the new season of Ao No Exorcist if that even comes out (tbh i don't think it will)

R?born - January 3, 2013, 1:18 am

Absolutely none i recommend you stop watching it i dropped ir after the first season.

Froggy - January 3, 2013, 1:47 am

I personally enjoyed the show and completed it. There are different animes for different kinds of people. If you don't like it by now, then don't waste your time continuing it.

Nam Duong - January 3, 2013, 3:48 am

For me, I actually enjoyed it, but that's just my opinion. I don't consider it an entirely bad anime, but there are some far more better ones. I have read the manga and saw the anime, and the anime doesn't seem as bad.

TheElo124 - *January 3, 2013, 6:44 am*

ok stop watching it and read the manga as its just better

Nande - *January 4, 2013, 10:25 am*

Okay, I just watched the last 3 episodes and I have to admit they were probaly the best 3 of the series. Overall wasn't the best but it's definately worth finishing.
