what do you guys prefer a short or tall sig size?

examples,

Short: [IMG]http://img515.imageshack.us/img515/4104/abstractdone2.png[/IMG]

Tall: [IMG]http://img96.imageshack.us/img96/117/hillaryrsigdone.png[/IMG]

i personally prefer short tho i like to mix it up sometimes.

I go sort.

I love that one.

I prefer short but sometimes tall ones are better as the render is more easily seen and looks alot better.
