Review:

Plot:

It seems like with school-based anime, the plot is sometimes limited, especially when there are no supernatural events, etc. That being said, the plot for this was pretty decent. Everything fit together seemingly perfect at the end. This series really makes you realize that people can be a lot different than what they appear to be on the outside.

I was also glad to see that there were no episodes that made me say, "Oh, lame, a filler >.>". Of course, it is a shorter series, but obvious effort was put into making sure that there was a plot in every episode which would contribute to the overall story.

Characters:

The characters in this were really great. Some of them became friends in strange, unexpected ways. I feel like the most important characters were well-developed, but some of the supporting characters weren't. That being said, it is important to remember that the series is shorter than most, so it would be difficult to fit everything in, while maintaining solid entertainment, and story.

Each character provided great humor, and had me laughing the whole time. Although this is true, they all seemed to know the right times for their humor, and when to be serious, so the mood was never ruined by some attempt to fit in a laugh.

Thoughts:

Overall, this series is completely amazing. There was comedy like Angel Beats, and romance like Toradora!. Everything just seemed to fit.

I can't really complain about anything, except that it had to end so early. The only place they could go from there, would be to develop supporting characters, so it is understandable that they would end it at 12.

I highly recommend this one to anyone who enjoys romance/comedy/drama.

My Rating: ?????????? 9.5/10

MAL Rating: ?????????? 8.3/10

I need to download this. At the moment I'm watching Sword Art Online, but this seems like a good anime too. A lot of people have avatars of this specific anime, so I guess it's popular.

Overall, nice HQ post. ?

The finger spin in the OP was probably my favorite thing in the world. I watched this series with my friends, and all of us tried to dance along at that part.

You definitely need to download this, it's pretty much the best ^.^

Mikasa - January 5, 2013, 6:09 pm

Im currently watching this anime and so far i can't say anything else than it's a must watch.

I've laughed a lot on only a few episodes and i really love this anime. I usually watch fighting anime but i really do enjoy this one.

Rakshasa is awesome, he's the only one who understand my true feelings.

P.S:

You guys are all gay-shotacon-loving pedophiles who just can't get enough little boy cock in their mouth. I despise your little "culture" (if you want to get as far as calling it that) of watching Japanese cartoons that have the clear audience of little boys, little girls, and mentally-disturbed adult men. I'm sure you're all just dying to sit on Chris Hansen's chair on live TV, watched by at least a thousand people, just waiting to get arrested. Because that's another trait you all seem to share and have in common - attention whoring.

I wish you all a happy new fucking year, and may you rot in your graves ASAP.

P.P.S:

"Tsunidere" is such a stupid term, grow up. You're all probably in your 20s. Get a life too while you're at it.

P.P.P.S:

Dakimakuras make you look even lonelier.

P.S:

You guys are all gay-shotacon-loving pedophiles who just can't get enough little boy cock in their mouth. I despise your little "culture" (if you want to get as far as calling it that) of watching Japanese cartoons that have the clear audience of little boys, little girls, and mentally-disturbed adult men. I'm sure you're all just dying to sit on Chris Hansen's chair on live TV, watched by at least a thousand people, just waiting to get arrested. Because that's another trait you all seem to share and have in common - attention whoring.

I wish you all a happy new fucking year, and may you rot in your graves ASAP.

P.P.S:

"Tsundere" is such a stupid term, grow up. You're all probably in your 20s. Get a life too while you're at it.

P.P.P.S:

Dakimakuras make you look even lonelier. (Jan 7, 2013 01:21 PM)Anthony- Wrote: [\[CITE\]](#) Damn sugar, I love it when you're mad <3

Just finished this and I have to say this was the saddest anime I have seen bested only by Clannad. I was so close to tears it's not even funny. I'm hoping they are able to further this series, but I haven't read the manga so I don't know.
