Awaken. You have been lost for too long, buried, in the mist of unknown shadows. Awaken. Your cries have been heard and they shall not be neglected. Come forward. You are grasping in the dark, blind for what is before you. Awaken, for I shall be your eyes. Call my name, and I will breach the darkness in path before you. Take my hand, and I will be the light that illuminates your journey. Come forward, and walk with us, for we are the vanguard of your purification. Dance in the rhythm of silence.

Tenth lesson, XPath Injection

Please note that Camstasia didn't record the Team Viewer window and questions people were asking me. So if you hear me talk something random, I'm actually reading and replying to their questions or requests to repeat.

I'm trying to bring my usually bitchy mood, can't. You do seem to put an unusual amount of effort into that.
