Thread: [Adding Smoke to one of my pictures?](#)

March - January 11, 2013, 9:57 am

The title pretty much says it all,

I need to make it look like i'm smoking in one of my pictures, and i'm using "Gimp".

I've tried googling it, etc, and i can't seem to find exactly what i'm looking for, would anyone be willing to help?
