Thread: [? ? ? ? \[CHEAP\] Curse Premium 1-12 Month Subscription \[\\$5-\\$4\] ? ? ? ?](#)

I am selling a cheap Curse Premium upgrade to your account! That's right, you save tons of money on an upgrade to YOUR account, and get all the features Curse gives you!

Plans: 1 Month Plan: \$5 (saves you \$4.5!)

3 Month Plan: \$1 (saves you \$9!)

12 Month Plan: \$4 (saves you \$26!)

Payment: PayPal ONLY!

How to Purchase:

1. Leave a reply here with which plan you want.
2. I will PM you with the price, and where to send it to.
3. Once you purchase, send me the email you purchased with, as well as the Transaction ID.
4. Once I confirm, I will PM you asking for your account details (password and username) so I can upgrade you. Feel free to change your password to something else, and once I finish the upgrade process, you can change it back.
5. I will PM you once I am finished, and you will be upgraded!

Method: The method costs \$15 (\$10 for the first buyer), because if it gets in the wrong hands, this can get patched.

Resale rights will cost \$30, but don't leak it to the public because it WILL get patched.

Same process goes for the above if you want to purchase it, except for the 4 and 5, where instead, I will PM you the method.

just a question. Were these codes? if so I like to buy some. (Jan 16, 2013 07:52 PM) Felix The Cat Wrote: [\[CITE\]](#) Vouch! This is 100% legit. Thank you very much, and GLWS! ?

NOTES:No Charging-Back or I will open a scam report.

This will NOT auto-renew, so you will have premium for that time remaining only.

I will give out 3 vouch copies of 1 month upgrades. I will only give them to Ub3rs, since they will actually post a vouch here.

These are not codes, but a glitch. I am not giving out anymore details, the method is expensive since it can be easily patched. I will reduce it for the first buyer though
