Thread: [Phone Verification Method \[Verify CL\]\[Any Cellphone Verification\]\[GUARANTEED\]](#)

V1ra1 - January 13, 2013, 11:26 am

Must have 100+ post

Or a unsaturated VLC.

This method will allow you to have a full functioning Cellphone that will allow you to verify any website with a cellphone verification.

Not many know of the process!

Pm me for details or with VLC.

Been trying now for about 2 weeks, day in day out with various things -K7 - textfree/pinger - and similar, but G is getting harder every day. This is so damn frustrating. don't know if I can PM you with 0 posts, but I'll try...help me out man please :)
