Bought 500\$ install's on yesterday from this seller, never get the install's and already sended 10\$ via PayPal. He dont answer anything on Skype or when i send PM on Hackforums, have sended lot's of messages to him. So if he dont send install's tonight i place the Scam Alert & report to Admin, sorry for writing here. But how clown need to be if need to scam 10\$? lol.

And he's been online today morning, so i guess he's a scammer.
