Any valuation for Piglet@live.com?

I might be interested in that one, but don't know what to offer seeing as I haven't bought an OG email before.

These are some damn good emails. Seems like they should be a little more expensive. Idk though.. I'm not really into buying emails and the like so I don't know the pricing.

Oh and op got banned for trolling. He's probably still a trustworthy salesman. . . Just throwing that out there.
