This week's poll is all about your favorite weapon type. How do you prefer your anime heros to dispose of their enemies?

The question: What is your anime weapon of choice? Your choices:Firearms. Includes explosives and any type of mechanically advanced projectiles.

Swords/Martial weapons. Includes all handheld simple weapons as well as bows and arrows/crossbows.

Powers. Includes cognitive powers as well as energy based powers.

Bare hands. Because I'm a man.

There you have it guys, your 28th AA weekly poll!

Poll specs: Feel free to leave a comment saying why you picked the choice you did. Feel free to debate/flame/rate and hate. Poll is public and single choice only. Poll will close in 5 days.

?,.*?s??døw ??s????*.,? - January 18, 2013, 11:20 am

Would have chosen Swords+Powers if it was a multi-choice, or that itself as a choice, but oh well.

Yuusha - January 18, 2013, 11:21 am

Swords and stuff. With powers and firearms on a shared second.

venusuar - January 18, 2013, 11:28 am

I want the power of creation that way I can have swords, powers, firearms, and the ultimate strength in my bare hands. Also I can have a bunch of gold to buy things with.

Hentai? - January 18, 2013, 11:35 am

This is easy, powers by far, I could give unending list of cool powers I would want.

Lucys invisible arms
Blood control from deadmans wonderland
Those are just two I would want most.

Ice Queen - January 18, 2013, 11:54 am

I choose Bare hands. It's fair and the battle will last longer.

Also, that feeling when you hit someone in the face with your bare hand is just exhilarating.

Wouldn't you like to have some sort of powers though? I mean cutting someone in half with blood sounds pretty cool I think. ?

Cystomatic - January 18, 2013, 11:59 am

I would like to get the powers! :D
Just like Lolicon I would Lucys invisible arms.

Quit trying to persuade people to change their vote, this isn't an election. It's all personal preference.

I knew this would happen.... You can't change your vote on poll, just trying broaden there horizon. Everyone should keep an open mind and allow others to make there points. ?

Also I read "election" as "erection". ???

You're trying to get everyone to vote for powers because YOU like powers. I am trying to get an accurate representation of the AA community based on untainted, unbiased preference.

There's no fun in that. What fun is there in snapping your fingers and killing someone? I'd rather give both parties a fair chance and then slowly ram my fist through his skull.

KinGxKeV - January 18, 2013, 12:07 pm

I chose swords+martial weapons cause I like swords and shit :D

Black Hole - January 18, 2013, 12:09 pm

I don't care if you state the reason why you choose the answer you did, just don't try persuade others to vote the same way you did.

Alexchaos - January 18, 2013, 12:24 pm

Every fights involving a sword feels more epic in my opinion. :)
However I also like bare hands fights.

CloudShepherd - January 18, 2013, 1:12 pm

Two-Handed sword, ftw. I think you guys know why.

venusuar - January 18, 2013, 2:26 pm

Guys with powers you can make swords and give yourself whatever material item/skill you want. Powers includes all the other choices!!!

YesJong - January 18, 2013, 2:55 pm

I like sword its just so badass walking around slicing and shit < lol

Lonephenom™ - January 18, 2013, 3:18 pm

Bare hands anything else is for scumbags.

Chubaca - January 18, 2013, 3:25 pm

It has to be Powers because in Code Geass has some really cool powers with Geass.

Kakashi Hatak? - January 18, 2013, 4:42 pm

Swords/Martial Weapons. I like slicing shit up. ???

I like slicing shit up just like the next guy but It sometimes gets to bloody and I am like am I watching a horror movie or what? But I do like slicing such as Bleach.

Sorun - January 18, 2013, 5:05 pm

Loli's with firearms always gets me going, so I gotta go with that.

Eminent - January 18, 2013, 5:52 pm

This. I was torn between the two here, but decided to go with Swords

Badside416 - January 18, 2013, 5:55 pm

I would totally choose some awesome powers that don't require anything but myself. :)

Rakshasa - January 18, 2013, 6:11 pm

Swords. Traditional Japanese weaponry. Powers are overrated.

Insolence - January 18, 2013, 6:21 pm

Well, this is a very difficult decision for me, between Swords & Powers. I'm going to go with Swords though, as most of my favorite Animes contain swords, although I also have favorites, in which use powers.

Rurouni Kenshin is one of my favorites that used swords.

Alive, Death Note, and Rosario Vampire are some of my favorites that used "Powers", in a sense.

Yoko_ - January 18, 2013, 6:29 pm

Since my favorite anime is one piece and I'm a luffy fan boy I went with powers ;)

TheElo124 - January 18, 2013, 7:19 pm

Powers as i want to become a teleopath and ability as if i had a water fruit from onepiece to turn my self into water and controll it

rinluvr - January 18, 2013, 9:28 pm

Powers is just to easy. Bare hands is where it's at.

Spoiler ([Click to View](#))Knife hand the shit outta people

Drill instructor said he had to come into our barracks "dual wielding knife hands and dropping the f bomb like Hiroshima" or nothing would get done.

I miss him :(

My DI just rammed people's heads into walls to add motivation. The Knife hand would have ended with a few casuelties.

shotmessenger - January 18, 2013, 10:15 pm

Powers... yes, while things that go boom are amazing, there's just so much more you can do with powers, whether it be supernatural charisma, shooting energy from your fingers, or being able to detonate spilled blood. Pretty much infinite possibilities there, for style, class, and efficiency.

Toonami - January 18, 2013, 10:33 pm

I wish I could choose all the above but I'll have to settle for powers.

The reason for my choice is that the characters with powers are usually unstoppable and have that "don't fuck with me" attitude that instills fear in people. My personal favorite power is telekinesis. What could be more badass than controlling things with your mind?

deiski - January 19, 2013, 12:41 am

I would think that powers would be the best.

Incest - January 19, 2013, 8:31 am

I chose firearms. I was under the impression that mecha fall into that category, so yeah...

Origami~ - January 19, 2013, 9:33 am

I choose Powers, because nothing can beat the power of Accelerator in To Aru Majutsu no Index. Would have liked to choose Sword+Power, but well :/ My choice is made.

\$AM? - January 19, 2013, 9:47 am

I have chosen powers because the force is strong in every Anime character that have big chests.

Tarn - January 19, 2013, 10:47 am

GUNS ALL THE WAY!

All the others are gay :P

letsPlayUp - January 19, 2013, 12:51 pm

Swords + Magic = SAO xDD

I voted for Swords. Fighting scenes are awesome when there are swords involved.

shouldn't crossbows and bows be under guns? they are long ranged weapons that are fired??

just saying

i would choose swords/hand-help weapons because the traditional Japanese fighting with katanas is exasperating, and very rare.

Firearms = needs a chemical reaction to operate. Or other futuristic/advanced weaponry such as mechs.

Fox - January 21, 2013, 6:46 pm

I chose powers because I love fighting scenes that involve powers/magic.

Selist - January 21, 2013, 10:36 pm

Idk how I missed this thread but magic ofc magic fetish <3
