Thread: [We should all work together to make a MASSIVE review thread.](#)

deiski - January 19, 2013, 12:48 am

I just thought to myself, there is so many review threads coming up lately, why don't we get together to make a massive review thread? I'd pay a sticky for it as well

We could also take requests of what anime(s) we should write about.

Since I know you're going to post in this, Black Hole, I'm sorry if this suggestion has already been made, even if it has, we should still do it, and I want you to be apart of it.

Charismatic - January 19, 2013, 1:10 am

kida pointless imo, people dnt wanna look through 100 reviews in a thread just 2 find the one they want

Scapi - January 19, 2013, 1:32 am

Make a table of contents with listed animes and then have them link to reviews. It would be easier to just CTRL+F the anime you want to look for instead of just looking through each page.

This person answered your argument.

That wouldn't be a bad idea, it would just need good leaders and editors who would approve / disapprove of reviews.

Seriosusly? I make the same thread, a few hours earlier and get practically no responses? The fuck. ANYWAYS, here's my thread that has a few ideas in it.

EDIT* I see Black Hole has already mentioned my post.

fenomm - January 19, 2013, 2:03 pm

This could prove to be very helpful. With the sticky there is a table of content, so all you have to do is CTRL+F search up what you want and find it ^_^ . Good idea.

You would reserve 100+ posts on it. The first post would have a table of contents, and you could click on the series you want, in alphabetical order.

This idea seems like it would be a ridiculous amount of work, hard to navigate, and it would take months, or even a year, before you got a good thread going

Dr Achtogonapus - January 20, 2013, 12:46 pm

Doing a giant thread, or maybe even a stickied thread would be a pain in the ass. I was just thinking post them like I used to post my reviews. New thread, different thing being reviewed. I just always used the same title and criteria, just different anime. Same as the AA Weekly news feed or the AA Weekly poll.

Hubris - January 20, 2013, 1:01 pm

Id be willing to help, but only if others are. I normally watch/read ecchi, so I can review that.

Mikasa - January 20, 2013, 1:44 pm

You make a list from A to Z where people can go to the letter they want and then you'll have the link to each review that starts with that letter. Just take the link from a already made thread and put the name over it, you don't need to make a review as a post as that would just make it hard to look through it all.

We could also sort them in genres and popularity.
