Issvor - January 20, 2013, 9:45 pm

Jesus Christ bro, what's with all the crap on the side? (Still a great tut)

Agitator - January 21, 2013, 4:13 pm

Its a bunch of side notes, wasnt exactly made for hack forums, its mostly inside jokes

Vector Master - January 21, 2013, 8:11 pm

wut wut in the butt haha

nice tut. what if you don't have a tablet ;]

Boyfriend - January 21, 2013, 10:50 pm

I really like it, but next time you need to hide the thread design from your sister :) JK

Agitator - January 22, 2013, 4:43 pm

HA thats so funny cause its not a thread design you goof ball

Unrep - February 15, 2013, 4:22 pm

Yeah well I might just use this right here, getting into the tags you see brah

meowz - February 15, 2013, 6:24 pm

I would have read it, but all the crap around the text was an eyesore. I tried and couldn't

LightBlue - February 19, 2013, 5:45 am

Hahaha I got the same layer styles!!

Nice tut

shellfu - February 19, 2013, 8:31 am

IMO this tutorial is awesome. The stuff on the sides just makes it even more awesome. I'll be using this tutorial soon :P

-Max

Mr.Notorious - February 21, 2013, 9:31 pm

Nice tutorial and omg the blonde chick in that movie was so hot. I just love watching her on my 3d tv.
