MY 1000 POSTS GIVEAWAY!

Hello HF, today I'm doing a giveaway for 1000 posts I have made!

The Giveaway: Photoshop Template for GameBattle Wins [Black Ops 2]

This is completely editable, with ANY map you can choose! Change the level of either player, the logo of the level, the names, the map, whatever! Get TONS of wins with this!

The process to get this is real simple! Just simple post below, and I will send you a Private Message, with the subject "Free PS Template". I will include the download link for this inside the message, so stay tuned, and wait for my PM! Do not PM me, since that doesn't help you get it, but instead, it bugs me.
