Hi,

I am searching for someone who can hack Chinese websites. The pay is high.

There are some in the list. Get the database from one for up to \$ 100,000. I will provide help during your work.

Please contact me by pm for details. Or leave your contact information below.

Thanks for your attention.

You mean 100.000\$ or 100,00\$?

Depending on what pages theese are you might find someone here ?

Greetings, Gee.
