Shortly after all this he went offline or AIM and HF.

Why do you deal with him in the first place look at his reps couple of scams.

But looks like a legit scam report.

Why would you deal with this guy? he is unverified and has a few scam reports, it's your fault.

AceHF - January 22, 2013, 12:58 pm

As Telescope said he does have reports open, be careful if you deal with people make sure they don't next time & Looking legit the report to.

His name is dooky brown ! If that's not a clear give away of a fake PayPal account then I don't know what is.
