Guys !!! why you still asking for the list this post is from 2013 also as per his screenshot the pastebin updated in 2013 ? its too old most of the sites may not be sql vulnerable.

Eplox - *October 26, 2016, 6:00 am*

Hi, I'm actually more interested in how you generated this list rather than the list itself.
Did you make a homemade SQLi crawler or something?

Oh, this was a ressurected dead thread.
