This week's poll is all about location. Where do you prefer your anime to take place?

The question: Where is your favorite anime setting? Your choices:Urban - Fairly populated towns/cities. Ex. - Air TV, Toradora!, Dakara Boku wa, H ga Dekinai.

Large cities - Mega cities full of skyscrapers and people. Ex. - Durarara!, Steins;Gate, Kokoro Connect.

Rural/Countryside - Ranging from very small towns to the great wilderness. Ex. - Mashiroiro Symphony, Inuyasha, Samurai Champloo.

Space - You know, that big place outside our atmosphere. Ex. - Cowboy Bebop, Gundam, Bodacious Space Pirates.

Alternate Universe/Timeline - A place not known to us. Ex. - Zero no Tsukaima!, Fist of the North Star, Soul Eater.

My examples are not up for debate ?

There you have it guys, your 29th AA weekly poll!

Poll specs: Feel free to leave a comment saying why you picked the choice you did. Feel free to debate/flame/rate and hate. Poll is public and single choice only. Poll will close in 5 days.

HHmm hard to decide but ill go with Rural/Countryside .
That attracts me more then the other ones ;D

Sensetive - January 25, 2013, 9:51 am

I voted for Urban because all my favorite anime take place there.

Ballinn - January 25, 2013, 9:55 am

Ha ha I chose alternate timeline thinking about Zero no Tsukaima! because I am watching it now, and you had it in the description :)

I like the more supernatural aspect of alternate places I guess.

Rakshasa - January 25, 2013, 11:36 am

I was expecting this subject to surface soon, following the timeline poll ^^

Now it's genuinely a difficult decision for me to choose between alternative universe or urban cities/towns. Too many strings attached.

Following my examples, for alternative there would be; Ergo Proxy, Fate/Zero, Gintama, Haibane Renmei, Kino no Tabi, Mushishi etc...

And for urban we have; Natsume Yuujinchou, Anohana, Gosick, Zetsubou Sensei etc...

Then of course there are so many that could refer to both, which never ceases to confuse me.. ;_;

Going with Alternative Universe for this one. Tough decision.

I love this types of poll and great work with the title. I picked Urban because I like towns small but not too small and big but not too big.

Alexchaos - January 25, 2013, 1:19 pm

I chose urban but I don't really have any preferences all that matters is if the story is good. :)

Kakashi Hatak? - January 25, 2013, 2:44 pm

I picked Rural/Countryside I like the fights in the wilderness.

Happeh - January 25, 2013, 3:19 pm

I can't choose. :c

I like the cities for dates and things... events.

I like the urban because it's more of a nice school feels, some houses etc.

And the countryside for travelling from one town to the other. (Or if people live out of town.) D:

Eminent - January 25, 2013, 3:54 pm

Yeah, this one was tough for me to pick. I don't actually have much preference at all with location.

Also, was that title a Demetri Martin reference?

Fox - January 25, 2013, 4:19 pm

I choose urban because I like it and most of the anime I watch take place in those settings.

Hentai? - January 26, 2013, 10:53 am

Didn't we already do this one? I swear I remember this one. I chose urban because I like there to be some people in the background sometime.

Inori - January 26, 2013, 11:06 am

Still cant vote, but if I could id go with Alternate Universe/Timeline :P

TheElo124 - January 26, 2013, 1:12 pm

KinGxKeV - January 26, 2013, 2:46 pm

Sounds really cool. But if you go out in space with out protection your instantly dead.
