UltimateLad - January 25, 2013, 10:22 am

Hello,

I have access to a Youtuber with 100k subscribers (Not releasing channel yet)

The email itself is not hooked up to the youtube channel, however it is connected to his paypal and he has lots of interesting emails and payments coming in.

If you are interested in purchasing leave your offers below.

Thanks in advance!

(If interested proof will be provided)

You won't get inside his paypal, so I guess if you're purchasing this, you're doing it for his email only.

You seem like a trusted user, would you mind going first?
