I uploaded to Share Cash for 2 reasons.

2. The software will stay FUD longer due to less downloads

Thanks, People you can do it for free. It's not hard. Just pick the right survey.

Hint* it's the one that tells you it's longer but unlocks everytime.

3Cool5School - March 18, 2010, 11:43 pm

Fuck sharecash. The surveys dont even work..fail.

-mothered- - March 19, 2010, 4:31 am

I completely agree with this. It's amazing how many unappreciative people are on these forums. Don't get me wrong, the vast majority are the total noobs, but it still boggles my mind how rude people can be.

Here is the thing guys, Thriller doesn't owe you a keylogger. It's out of the goodness of his heart he is giving it for free. Yea... you've got to fill out a survey, but so what? It's still infinitely better than paying for it, and if you think it isn't, donate \$10 or \$20 bucks to him (which is the minimum price for any good keylogger in the sellers section) and I'm sure he will gladly send you a copy, survey free!

Regards,
ducky

SUPERIOR - March 19, 2010, 10:37 am

I have no problem with \$sharecash... ever

aaabbbc4 - March 30, 2010, 8:54 pm

I'll admit sharecash is a little annoying but it does work. And you have to give credit to Thriller. Both He and us benefit.

By the way was this coded in VB?

And why do I get an invalid error message every time I type in the password and email?

DavidIsToken - March 31, 2010, 11:53 pm

I rate this 2 stars out of 5. -3 stars because of thriller being an dick slap.

Su?ernatural - April 1, 2010, 2:09 pm
