They give you a report of the links after they have been posted and the report can be downloaded as CSV or Text file which can be helpful as you can submit the URL's to PingFarm for mass pinging and indexing. Good luck and enjoy your FREE backlinks!

Enjoy the links, but I do recommend using these links mainly on Tier 2 or 3 when link building as doing it straight for your money site might not be the best idea.

Take a look at this guide on their forums: <http://247backlinkshelp.com/forum/viewtopic.php?f=3&t=2>

I personally think it's a great way to approach higher ranks in Google without your money site being ranked down in future updates or current rankings. Hide your way to the top.
