Thread: [Im Considering Purchasing a RAT, What is a "Good One"?](#)

MCNINJA - January 27, 2013, 12:48 pm

Im looking for a nice Interface, Needs to be Fleixible also, Like I want to use it to Troll Friends, But also for BH Uses.

Links/Prices? Lower the better?

Id like Examples of Free RATS over the Paid RATS?

Im currently using Xtreme Rat 2.9

Don't ask for cracked links for numerous reasons. Most of the RAT developers are here on HF, I believe it's against the rules, and also they could be backdoored. I recommend netwire for a paid RAT.

i would recommend Netwire rat pretty cool features,

there's a trial version on <https://www.worldwiredlabs.com/products/> so you can test it out. and see if you like it
