Thread: [Rodneeyy \(UID:1558953\) Cracking and Reselling](#)

?asp3r - January 30, 2013, 12:46 pm

Member Rodneeyy (UID:[1558953](#))

I got on Skype today, after having this kid added. I was told he was reselling products that he didn't have a right to, guess that was some good Intel.

He is reselling crypters without a resellers license. And he cracks them.

mainly:

2012

no\$

byte crypter

Cloud9™ - January 30, 2013, 12:48 pm

He doesn't crack anything, he just buys or steals things to resell.

Really pathetic user.

One does not simply resell an uncracked crypter that's blocked by HWID

ItsFluffy - January 30, 2013, 12:52 pm

nice job casp3r

if he's doing this then it was a nice thread for you to share with everyone

redpois0n - January 30, 2013, 12:54 pm

I know right.

I messaged owner of Byte Crypter 5

Cans somebody hit up the other owners about this?

ptwist - January 30, 2013, 1:21 pm

Crypter sellers might want to consider having better protection.

Yes they might. But they shouldn't have to deal with resellers.

DeMoNi - January 30, 2013, 3:52 pm

I better guess he will scam you, he didn't actually crack those crypters trust me.

Hes tried reselling other stuff..

And I really didnt care about him having byte and 2012 cause I already have lifetime. I was just putting out a warning to not deal with this user.

He is shady and willing to try cracking and reselling your program if not he will scam.

?Mystical - January 30, 2013, 6:33 pm

User cant crack them he is clueless lol. I know for a fact, i helped him setup his first rat and so on, so for him to crack something is a big leap.

And this makes it any better?

Did i say that it was? No i did not was just saying that this user is incapable of cracking items, he is most likely selling leaked bins of them and if you buy off him and not the real seller you are an idiot in my eyes.

Are you stating that I'm an idiot, or that anyone who buys from him is an idiot.

He is selling at a much cheaper price.

But I already have the crypters from actually buying them.

I dont have no\$ tho. cause I have no \$ right now.

But I bought the lifetime from the crypters I deemed worth it.

(byte crypter v5 and 2012)

You two need to just calm the fuck down. He's not calling you an idiot, he's just simply stating that if you are to purchase a resold item by Rodneeyy, you're clearly a stupid autistic idiot.

1. He was reselling FoxyJava and his along with 2 other account were terminated ?.
2. Which is why I love you ?.
3. You have no\$, but you don't have no\$??

Eladictocosy - January 31, 2013, 2:19 am
