Why would you make a contest of this? Its like making a contest and the price is new HF accounts.

I have 9 cyps of dota 2 in my inventory wich i give out for free to the persons who posted first. Really great method. Since I dont need anymore Dota 2 cyps ?

Accidental post, i didn't realize until it was too late my apologies, if someone could move the thread to freebies and giveaways I would appreciate it.

Either way it's free stuff for everyone to enjoy.
