Dose anyone know how long it'll probably take to get a version with English sub?

\$AM? - April 19, 2013, 4:42 pm

I thought the OVA was the last thing that I will ever watch from Steins;Gate. I hope Robotic;Notes get something like this. Let the divergence number begin to show.

Ilbg2 - April 19, 2013, 9:46 pm

This excites me, I hope that it can live up to the series. I think I need to go re-watch the series to refresh my memory on all that it encompassed.

Phizo - April 20, 2013, 4:18 am

Now, if only people would translate this to English. And before someone makes a stupid-ass retort, I am learning Japanese.

This is happening. A Russian sub has been released. Now let's wait until some polite Russian changes it into English. If anyone wants to give it a shot, shoot me a PM.
